

The Singapore districts of Ang Mo Kio and Toa Payoh are currently performing a pilot project of the **side loading waste collection system**, for which the container model **C2200F**, manufactured by **Contenur**, has been chosen. Side loading is the fastest, safest and most efficient waste collection system in the world, and Contenur has supplied its side loader containers to more than 40 cities worldwide. Contenur will be showcasing their C2200F side loading containers at **Clean Enviro Summit Singapore 2018**, which is held in conjunction with the **World Cities Summit** and **Singapore International Water Week**, from **8 – 12 July**. Look for us at booth **L1-E20!**
