

## ACTION FOR A SUSTAINABLE AND CLEAN ENVIRONMENT

19 – 21 June 2024  
Sands Expo & Convention Centre  
Marina Bay Sands, Singapore

### SUSTAINABILITY AND CLEAN ENVIRONMENT CONVENTION

The Sustainability and Clean Environment Convention offers a platform for industry professionals, academics, and technical experts to discuss both current and emerging environmental challenges, focusing on the pillars of Climate Action, Resource Circularity, and Public Hygiene. It serves as a forum for exchanging ideas, sharing technological innovations, and showcasing best practices related to the low-carbon transition.

Stay tuned for our next eDM on what to expect in CESG 2024!

## PROGRAMMES @ ENVIRONMENT EXPO

### Landing Zone

The Landing Zone is designed to host forums, seminars, workshops, and master classes, facilitating collaborative learning and the exchange of innovative ideas. It also provides insights into the future plans, industry trends, and strategies of key industry players.

As a hub of knowledge sharing and networking, it propels forward-thinking dialogues and facilitates meaningful connections that drive the collective advancement of industries and communities alike.

We are left with limited slots available for Landing Zone. Don't miss out on this unique opportunity to be at the forefront of industry innovation and knowledge sharing. For more information, please contact [sales@cleanenvirosummit.sg](mailto:sales@cleanenvirosummit.sg).

## Experiential Zone

The Experiential Zone is designed with elements inspired by diverse settings, providing participants with multi-sensory experiences with the innovative solutions showcased at the zone. Witness these solutions in action, moving beyond conceptual thinking and theoretical discussions to explore their practical impact in real-world settings.

For enquiries on exhibition and sponsorship, please contact:

Mr Adrian Tan
