## Seize Business Opportunities with CESS 2018's Founding Sponsors

Be sure to visit CESS 2018's Founding Sponsors, Dowa Eco-System, Jinjiang Environment, and China Everbright at the [Environment @ City Solutions Singapore](#) exhibition! Read on to find out more about how their capabilities align with your business needs.

	<p><b>DOWA ECO-SYSTEM Co., Ltd. (DES)</b> provides comprehensive environmental services based on problem-solving methodology that aspires towards the reduction of environmental risks and the realisation of a recycle-oriented society.</p> <p>DES' corporate philosophy is "promoting the formation of an environmentally sustainable society through recycling resources".</p> <p>DES is a subsidiary company of DOWA Holdings Co., Ltd., which was established in 1884 as a mining &amp; smelting company. DES was established in 2006 in order to focus on Environmental Management &amp; Recycling.</p> <p>Find out more at: <a href="http://www.dowa-eco.co.jp/en">http://www.dowa-eco.co.jp/en</a></p>
	<p><b>Jinjiang Environment</b> is a pioneer and leading waste-to-energy operator in China's waste incineration power generation industry. In 1998, Jinjiang Environment constructed the first differential-density circulating fluidised bed waste incineration power plant in China. The Group is the first waste incineration power generation enterprise to develop and industrialise the differential-density circulating fluidised bed in China. The Group also has an established track record in investment, construction, operations, and management, and is currently China's largest operator in terms of waste treatment capacity.</p> <p>Find out more at: <a href="http://en.jinjiang-env.com">http://en.jinjiang-env.com</a></p>
	<p><b>China Everbright International Limited</b>, a flagship company in the industrial investment sector of China Everbright Group Ltd, is listed on the Mainboard of The Stock Exchange of Hong Kong. The company is a leading player in China's environmental protection industry, and the first one-stop integrated environmental solution provider in the country. It is also the largest waste-to-energy investor and operator in Asia.</p>

	<p>It leverages talent, science and technology to develop all of its six business segments, namely environmental energy, environmental water greentech envirotech, equipment manufacturing and international business. It manages a large number of industry-leading and world-class projects in the environmental protection sector. Everbright International has a business presence in over 130 districts across 19 provinces and municipalities in China, as well as in Germany, Poland and Vietnam.</p> <p>Find out more at:  <a href="http://www.ebchinaintl.com/en/global/home.php">http://www.ebchinaintl.com/en/global/home.php</a></p>

**Privacy Compliance Notice:** We have previously sent you an email requesting your renewed consent for us to contact you with updates on events we organise. That email was sent to you as part of our company's efforts to ensure that we are able to comply with and respect the privacy rights granted to you under the European Union's General Data Protection Regulation (GDPR) which came into effect on 25 May 2018. This new consent is being sought as the GDPR does not accept opt-out consents of the kind which we previously used. However, in order to ensure that our services are not adversely affected while we make improvements

to our privacy processes, we request your patience as we will, for a limited time, continue to send emails to you. Our emails to you during this period are in line with Article 95 of the GDPR and Article 13 of the European Union e-Privacy Directive which permit unsolicited marketing communications for products and services similar to that which we have provided to you in the past (for example, where you have attended any of our events).

Please note that you have the right to object to receiving any emails and we will immediately cease further emails to you. We also request that you provide us with your consent using [this link](#) if you intend to continue receiving updates from us.
